Fish and Game Trophy Night

On January 16th the Pembina Fish and Game Association will hold the annual Trophy Night. Members with large fish or game birds with measurements and proof of weight or big game antlers are invited to take part in the contest.

The executive suggests that you have your trophy antlers measured before you think they have been beaten. Last year some small antlers took trophies.

Regular monthly meeting of the association will be held on January 30th.

Zone Final Held Here

On December 29th the Legion Zone Curling play-off was held at Drayton Valley with the local Branch No. 269 taking first place.

The team of Adrien Meier, skip, Wally Peters, 2nd, Bill Johanneson, 3rd, and Maurice McCullagh, lead, will advance to the District Play-off.

The Drayton Valley mixed rink also won the zone final and will advance to the District Play-off. Members of the mixed rink are Roy Gossel, Betty Waugh, Pat Jenkins and Jerry Donovan.

ANNUAL MEETING

Members of the Drayton Valley Senior Citizen's Club are reminded of the annual meeting to be held at 7:00 p.m. on Thursday, January 9th in the Elks Hall.

Some of the senior citizens of the community are shown above at annual banquet and entertainment sponsored by the Order of Royal Purple and held in the Elks Hall just before Christmas.

Eckert Home Wins Decorating Contest

After carefully examining the residential Christmas decorations and lighting within the town of Drayton Valley, and after making several trips around town to view them as they grew, the Chamber of Commerce judges have presented their verdict:

First prize goes to Mr. and Mrs. A. Eckert. This display is outstanding in that it is visible from some distance away. It incorporates a beautiful set of "stained glass" windows, depicting scenes of the infant Messiah in the arms of the Virgin Mary, beautifully lighted through the windows, and is culminated with a tall simulated church with spire, on top of which is a lighted cross. All of the scene plus the entire house front and yard tree nicely lighted.

Second prize goes to Mr. and Mrs. Don Greiner for their Christmas story. Incorporated in this scene is an attractive scene of the wisemen following the Star of Bethlehem to a manger where the shepherds adore the infant Christ. The house decorations both inside and out are most attractive and all visible to the viewer on the street.

Third prize belongs to Mr. and Mrs. Philip Litzenberger whose lovely display includes their entire yard and house front and very artistically incorporates existing yard lights, lighted Christmas trees etc.

It is at this point that one runs into trouble; several homes need an honorable mention, but we cannot include them all. Nevertheless, because of the extra efforts that went into the Christmas decorations this year the town had a most festive appearance.

Honorable mention is made of the following: His Worship Dr. and Mrs. H. Shimbashi; Mr and Mrs. Gene Rendflesh; Mr. and Mrs. Al Horne; and St. Anthony's Nativity Scene.

Ski Hill Damaged By Skimobiles

Local skiers were very upset to find that motorized toboggans and others were out on the hill on Friday and Saturday night and have completely removed the snow down to bare earth in the middle of the hill making it impossible to ski on. Of further annoyance was the matter of people partying at the hill and leaving beer bottles and pop tins lying around and also damaging the hill by sliding down on pieces of plywood and tramping through the snow surface.

A lot of people have worked hard to develop the hill for skiing and damage such as this cannot be repaired. It is hoped that the people involved now realize the damage they are doing and will keep off the hill in future.

The Drayton Valley Ski Club points out that the ski hill is private property and further trespassing will be subject to prosecution.

Some of those who helped in the annual Rotary Christmas hamper project are shown here. Cubs Ricky Radowits (L) and Doug MacKenzie represented the Monday evening Cub Pack who collected for a hamper of food rather than exchanging gifts among themselves. The Drayton Valley Scout Troop also helped by working during late November and December in Mr. Hugh MacKenzie's basement rebuilding toys for distribution with the hampers. Rotarians in the photo are, left to right, Billy Rose, Ron McCartney and President Bob Mayhew.

Hampers Distributed By Rotary Club

Again in 1968 the Drayton Valley Rotarians raised funds via "Turkey Cards" to finance Christmas hampers and other community services. These funds were augmented by donations of food, funds and assistance from several other sources that include Hugh MacKenzie's Monday night Cub pack and the Drayton Valley Scout troop; Girl Guides; Residents of Cynthia; Drayton Valley W.I.; St. Anthony's Y.C.S.; H. Hamdon; Mrs. H. Hammerlindl; Gary Haack and the Drayton Valley Lions Club.

The Rotarians are most grateful to Rev. E. Lynch who assisted in the processing of names of families needing assistance. He was also instrumental in obtaining the assistance of the Y.C.S. girls group in preparing hampers prior to distribution as well as taking a hand in the distribution of them. The Y.C.S. girls met on two successive days organizing, shopping and Christmas wrapping toys and gifts under the direction of the Rotary Hamper Committee.

Hampers were delivered to families all the way from Lodgepole and Easyford in the west to Seba in the east. The major source of funds for this purpose was again the Rotary Christmas Turkey Cards located in twelve different locations thoughout the same area.

For several years now, as the hamper program has grown, the Rotary Club has encouraged the development of a central hamper committee under the Chamber of Commerce to assess the needs of people needing help so that a more efficient distribution may result. It is Rotary's concern that some families may be missed However, it seems that there are problems in making such a broad committee functional at this time of year. For the past three years the work of this committee has instead been accomplished through the active assistance of Father Lynch, the RCMP, the Town Police and Welfare Officers For their help again this year, Rotarians are very grateful.

Ski Club Meeting

A general meeting of the Drayton Valley Ski Club will be held at 8:00 p.m. tonight (Wednesday, January 8th) in the Pan American Hall.

All members and anyone interested is urged to attend the meeting to make plans for ski activities in ensuing months.

O.O.R.P. Fetes Senior Citizens

On Tuesday, December 17th approximately sixty Senior Citizens of Drayton Valley and surrounding district were guests of the Royal Purple at the 4th Annual Senior Citizens Supper.

The evening was started off with the ladies singing grace, then the turkey supper followed with all the trimmings, served by the Royal Purple ladies.

Entertainment followed the supper with Jean Simon singing a number of carols and Lady Jenkins playing the piano. The ladies then modeled fashions of the 20th century starting at 1900 and ending in 1970. The St. Anthony's school choir directed by Sister Brule presented a selection of Christmas carols.

The ladies of the Royal Purple were thanked for the evening by Mr. Hines on behalf of the Senior Citizens.

The evening closed with coffee and cake served to the guests and door prizes given away.

Farm Union Plans Supper

Drayton Valley Farmers Union Local No. 519 will hold a pot-luck supper and annual meeting in the Scout Hall on Friday, January 10th at 6:30 p.m. There will be guest speakers.

Rebels Split Four Holiday Games

The Rebels won two and lost two games during the holiday season.

On December 17th they defeated the Camrose Maroons 7-6 on home ice. Then on Saturday, December 21st they lost 6-5 to Stettler and won Sunday's game by the same score.

Bitter weather between Christmas and New Year's created a postponement of the Fort Saskatchewan Huskie two game series in Drayton Valley and the games will be played at a later date.

On January 2nd the Rebels were bombed 7-zip by the Camrose Maroons in Camrose.

Frank Novacel scored a hat-trick on December 17th against Camrose. Barry Ness added two and assisted on another. Ron Hemmingway and Barry Solnes added one each. Camrose got two goals each from Wilhauk, MacLean and Holt.

The score was tied 2-2 at the end of the first period. Camrose went ahead 4-2 in the second but the Rebels came back with five goals to the Maroons two in the third period to send them home defeated.

Barry Solnes sustained a knee injury in the game and will be out of action for about four weeks

In the first Stettler game Koberinski had a great night scoring four goals and leading the Imperials to a 6-5 win. Blaney scored for the Imperials in the first period and in the second Koberinski scored his first goal and Rosquist added another. Koberinski scored again to give the Imperials a 4-0 lead before Al Matoon scored from Barry Ness to finally put the Rebels on the scoreboard. Koberinski scored his third goal to end the scoring in the second period.

Koberinski scored his final goal in the third period to give the Imperials a tremendous 6-1 lead at the 5:05 mark when the Rebels roared back with four goals, two from Barry Ness and singles from Dan Davie and Gary Pankewicz, but they still fell one goal short.

Sunday's game saw a high scoring first period with six goals, four by the Rebels and two for Stettler. Rebel scorers were Wayne Garding with two and Dave Boulter and Ron Hemmingway with one each.

Blaney and Koberinski replied for the Imperials. Dan Davie scored the only goal of the second period to give the Rebels a 5-2 lead. The third period saw more high scoring with Rawbusyk netting two and Koberinski adding another for Stettler. Ron Hemmingway then scored his second goal of the afternoon which turned out to be the winner.

On Thursday, January 2nd the Rebels were walloped 7-0 by the Camrose Maroons. Scorers in the first period were Dillworth and Kinnle. In the second period Gumpinger, MacLean and Wilhauk scored and Frohler and Brown wound up the scoring in the third period.

Dan Davie was injured early in the first period to further deplete the Rebel line-up which was missing five regulars for the game Barry Solnes was out with an injury and Dunn, Hemmingway, Boulter and Matoon were unable to attend. Line juggling and heavily overworked defencemen contributed to the loss.

The Rebels held a brisk workout on Sunday in preparation for the next game here against the Wetaskiwin Colonels.

"Errr, how would you like to take this face off?"

This Time How About Peace and Good Will?

EDITORIAL COMMENT

Avenues of Help

For millions of starving people the world over the holiday season we have just enjoyed offers no respite whatever. For their daily coping is the basic desperate struggle to stay alive in the face of hunger, poverty and sickness.

There are many avenues along which we can reach out to these millions, with relatively little personal effort.

But what a difference it can make at the other end of the road.

The sign post on one of these avenues reads CARE of Canada.

A current $6,000,000 CARE Food Crusade appeal seeks to deliver 6,000,000 food packages, at one dollar each to sorely pressed families in Africa, Asia, the Middle East and Latin America. Combined with donations of North American farm abundance and the segments of individual projects, underwritten by other participating nations, the overall program will help feed some 28,000,000 people in 33 countries during the coming year.

The food will do more than just keep people alive. Meals at schools and pre-school centres will help malnourished children become healthy, educated, self-supporting adults. Emergency programs will help war and disaster victims build a new and better life. Food-for-work projects will help poor villagers build schools, clinics and other musts for their progress.

Their road to living, as we know it, is a long, hard one. A cheque to CARE of Canada, 63 Sparks St., Ottawa 4, Ontario, will help them along the way.

WESTERN CATTLE OUTLOOK GOOD

Prospects for Western Canada's cow-calf operators in 1969 look as good or perhaps a little better than they were last year, but the feeder operator's position could be a little tighter than it was in 1968, this statement was made by a spokesman for the Alberta Livestock branch.

Highlights of the 1967 Alberta Cow-Calf Enterprise Analysis show that the return to labor management and investment was $19.45 per cow wintered which is very close to the previous three year average of $21.11. On the other hand, the return to labor management and investment for the feedlot operator was only $3.65 compared to a previous three year average of $6.17.

Since cow herd numbers in Western Canada have decreased slightly during the last three years, the available supply of feeders may be even lower in 1969. The natural increase in beef consumption will take care of these feeders and could leave an even lower number of cows and calves next year.

No increase in price is anticipated for the 1969 fed cattle market because the increase in domestic consumption will likely be offset by heavier marketing weights due to the large supplies of feed grain available this year.

In Alberta abundant supplies of poor quality grain, which can only be marketed through livestock, have resulted in a large number of high priced feeder cattle and calves going into feedlots. This situation is expected to lower profit margins for feedlot operators this year. Feeders should be aware that heavy marketing weights will add substantially to the beef supply already on hand and will exert a depressing effect on finished beef prices.

The American outlook for cattle throughout next summer indicates larger supplies of fed cattle than a year earlier. Plentiful supplies and lower prices for U.S. feed grains could lead to an even sharper increase in total meat production and substantially lower meat prices. However, it is anticipated that U.S. producers will exercise restraint in expanding their beef output which will result in only a moderate easing of feed beef prices in that country.

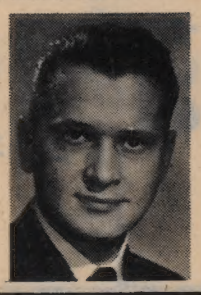
Report From Parliament Hill

By Allen Sulatycky, M.P.



A number of people in the last several weeks have asked me to enlighten them as to what a member of Parliament does with his time.

The task of a Member of Parliament has grown greatly in the past couple of decades. At one time the Sessions of Parliament lasted only a few months. Even today, most Provincial Legislatures are in session for only two or three months. In camparison, Parliament in the last few years has been sitting for eight or nine months of the year.

Parliament has become a full-time business. Most Members of Parliament consider it as such and many have given up their previous occupations in order to devote all their time to Parliament and their constituency.

As this is being written, consideration is being given in the House of Commons to put Parliament on a regular timetable, roughly equivalent to the school year. This would enable Members to spend a good deal of time during Christmas and the summer in their contituencies. Up to the present there has not been such regularity in the Sessions and Members at times found themselves compelled to attend in Ottawa well into the summer holidays.

When Parliament is in Session there are sittings of the House every day of the week except Saturday and Sunday. On Mondays the sittings commence at 2:30 in the afternoon and continue until 10 p.m., with a one hour break for supper at 7 o'clock. There is also what might be called a special question period after 10 o'clock o'clock, which can stretch the sitting on for a good deal of time thereafter.

The routine insofar as the time involved is the same on Tuesdays and Thursdays as it is on Monday. On Wednesday the sitting commences at 2:30 but lasts only until 6 p.m. The sitting on Fridays begins at 11 a.m. and continues until 6 p.m. with a break for lunch.

In addition to the times when the House is sitting, when Members are expected to be in attendance, there are a number of other obligations which a Member must attend to during the week. The Government Members for instance, hold a caucus meeting each Wednesday which generally lasts from 11 a.m. to 12:45 p.m.

As well as the national caucus, there are also regional caucuses for the purpose of discussing matters which usually affect only a particular region. In the case of the Government, its Members who come from Western Canada, meet every Tuesday from 6 p.m. to 8 p.m.

One of the most important duties of a Member of Parliament is the responsibility to serve on Committees of the House of Commons. There are a number of Committees which deal with specific matters referred to the Committee by the House. Generally speaking Committee meetings are held while the House is not sitting, that is between 9 a.m. and 12:30 p.m. This can make for a very full week for Members who are on two or more Committees.

How do I fit in to the foregoing?

Generally, I spend the weekend at home in the riding. Because of the time change involved I do not arrive in Ottawa in time for any of the proceedings on Monday. Because I am on two Committees, National Rescources and Public Works and Regional Development, my time in Ottawa is fairly well taken up, when added to the schedule outlined above, is the time necessary to deal with correspondence from the consituency and elsewhere.

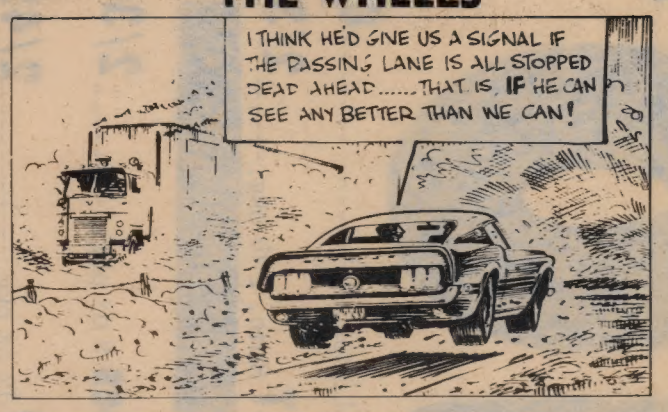
WARRIORS SWEEP SOUTHERN SERIES

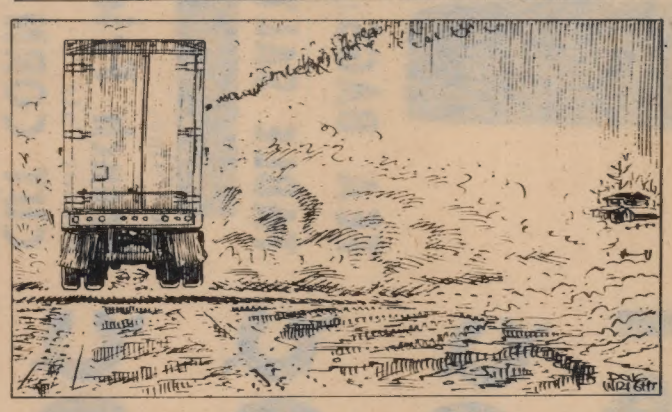
The F.M.H.S. Warriors basketball squad travelled to southern Alberta for three exhibition contests. The Warriors were successful in all three games defeating the Warner High School twice by scores of 91-47 and 86-40 and the Lethbridge Collegiate Institute (L.C.I.) by a 83-55 score. The L.C.I. contest was the toughest of the series and an excellent contest. The local team was trailing 17-15 at the quarter but led at the half 37-29. The Warriors led at three quarter time 54-44 and the game had been tight all the way. In the last quarter the Warriors ran away from the Lethbridge five using a fast break and came home with an 83-55 victory outscoring L.C.I. 29-11 in the last quarter. This win was a complete team victory with all Warriors playing well. Doug Ibbotson had his greatest scoring spree in this contest hitting for a fabulous 38 points, Keith Sodergren playing well added another 18 and Don Bouschard 10.

Seven of the Warriors made the trip south Doug Ibbotson, Don Bouschard, Terry Jevne, Keith Sodergren, Ron Cameron, Stan Oulton and Ken Dusterhoft.

The Warriors now have a 10-0 record for the season and will be putting their undefeated season on the line when they travel to Stony Plain tonight for a 7:30 p.m. contest at the Memorial High. Stony boosts a very fine club and are doing well in the tough North Central League. This contest should prove a great one. Friday night the Warriors travel to Thorsby for their third Pembina League contest and it is this Thorsby team that has given the local five the most trouble over the last number of seasons. There are also two big tournaments scheduled for the local high school in the next few weeks.

THE WHEELS





EVANSBURG NEWS

Naturally, the talk of the district these days as the extremely cold weather we are having. By this time, though we should all be so used to it that we will have forgotten what warm days are.

First, I would like to wish all the readers of this column and the editor and his family, all the best in the New Year. And now, I shall try to note a few of the happenings during the holiday season.

The Wolf Pack had been holding their pack meetings a day early for the last two weeks before holidays. On their last meeting they had a real bang-up party with the exchange of gifts made by the boys themselves. These projects also counted as points for stars or badges. The Scout troop also had a Christmas party to finish off the old year.

The gymkhana club members held their Christmas party early. A fair number of the members turned out to eat a festive dinner together and play games as well as have a visit with Santa.

The United Church Sunday School class had an evening program in which all the members took part. Although the weather had already turned quite cold when this event took place, quite a few people attended. All the class members were presented with a gift and a bag of candy. Visiting children also received a candy bag. Mrs. Witty, one of the teachers who is moving away, was presented with a gift from the class.

The members of the Beef and Field Crops 4-H Clubs held their regular meeting, for the first time in the Evansview school. Although the weather was rather chilly and a sports tournament was on that night, a fair number of members turned out. Plans were made for the Christmas party and record books for the beef members were given out. Plans were also made to cut some Christmas trees the following Sunday. Calf tagging was to take place as soon as the weather permitted. The Christmas party for all three clubs took place on the twenty-third. Quite a large crowd attended and a good time was had by all.

The Entwistle Elk's Lodge held their annual Christmas party again this year and we were very pleasantly surprised to have our son Ted presented with a cheque for his honor marks in his grade nine exams and a plaque for having the highest grade nine standing in the Evansburg school. Other students from Evansburg who received cheques for their efforts were Brian Tuttle, Sheila Bjiornstad, Barbara Croft, Ron Raypold and Adam Rudyk. These awards were made to the students by Mr. Mitchell during the party programme. This year the Junior - Senior High School students didn't have their usual Christmas banquet but settled for a concert and dance. Most of the classes gave a presentation of a skit, play or group singing. Dancing was to a teen band.

Among the many Christmas visitors to the district were Mr. and Mrs. J. Carlson from B.C. visiting at the Mazeppa home. Also seen around town were the Manz family who moved away in in the late summer.

Our sympathy goes to Mr. and Mrs. R. Marshall and family on the passing of Mrs. Hallet, Mrs. Marshall's mother.

The Ladies' Auxiliary wishes me to extend their thanks to everyone who sent their Christmas greetings to their friends via the Auxiliary Tree. The ladies realized the sum of ninety dollars through their project and this money has now been turned over to the arena committee. For those interested in using the arena, a full time caretaker has now been employed and skating times have been posted.

MAGNOLIA NEWS

Sympathy of the community is extended to Mr. D. Churchill on the passing of his wife on December 28th.

Twenty people sat down to Christmas Eve supper at the Allen Walker home. Christmas Day saw a very happy Walker family as Mr. Harris (Brenda's Dad) arrived home from the hospital. He was accompanied by Mrs. Harris and Shirley with her family from Edmonton. Grace Anderson and family of Stony Plain spent December 27 with Allen and Brenda and accompanied them to the dance. Now, Brenda and Connie are busy with wedding plans for the forthcoming January wedding of Connie and Don.

Peter McDougall and Miss Sheila Kmyta flew home from Fort McMurray the night of December 26. Andy, Liz and their other two children drove home the next day. Betty McDougall had all her children home as Don, Jack, Ruth and Lorna came for Christmas Day. They all enjoyed a Christmas dinner with Mr. and Mrs. Norton, Ruth's parents.

Jack and Vera Balfour spent Christmas with the MacPecks.

Visitors at the John Brown home on Christmas Day were Mrs. Vera Hampton and her three sons. Allan and Beth Brown were home from Edmonton for the holiday.

Ray and Della Storms motored to Drayton Valley to spend Christmas with Pat and Ernie Staples and their family. They report a very enjoyable time.

Helping the Cecil Junes celebrate a Merry Christmas were Jessie and Ernie Williams of Highvale with Lorne, Lenny and Carol Johnson and Carl of Stony Plain, Katherine and Richard Charlet of Edmonton, Dean and Betty Stangway and their three sons and Mrs. Savage, Betty's Mom of Stettler. A wonderful day was enjoyed by all.

Christmas Eve at Mr. and Mrs. William Anderson's was a festive occasion when their sons Dick and Lawrence with their families gathered for the evening. On Christmas Day, Mr. and Mrs. Anderson and Thelma went to Lawrence and Ivy's to enjoy Christmas dinner. Later in the day, Dick and Marjory and family also visited.

Some of the Gylander families could not be home for Christmas Day as they had the flu. Bill and Olive Clarke and family of Edmonton, Doug and Marg. with their family of Mayerthorpe, Dave and Marvie and family of Entwistle and Eleanor were home. Bill drove to Stony Plain to bring Fritz Gylander home for the day. In the evening, Bill and Dave escorted him back to the nursing home.

Considering the very cold weather and the amount of sickness around the area, the dance held in the hall on December 27 was quite successful. It is hoped that another dance can be held a little later when the weather moderates a bit.

Mr. and Mrs. Sutherland and family spent a quiet Christmas Day at home. Their guests were the Ed Schmidts of Evansburg.

Reg, Linda and Johnny Storms of Edmonton were in the district paying visits on December 26. Reg is now teaching at Boyle.

We are happy to hear that Jack Cameron is recovering from pheumonia. Orest and Hazel Wirstiuk (nee Cameron) spent Christmas with Camerons. Margaret and Bev. Cameron are visiting with their grandparents, Mr. and Mrs. Pierce in Edmonton for a few days during the holidays.

Mr. and Mrs. C. F. Anderson, Ada, Ed, and Fraser with his girls helped the W. Campbells enjoy a pleasant Christmas Day.

Al and Alma Roth and all their children home for Christmas. Leroy, Marian and their daughter Misty, stayed from Christmas Eve till Saturday afternoon.

Bill and Muriel Whale of Edmonton visited Dean and Betty Strangway and accompanied them to the dance held in the Magnolia Hall on December 27. They returned to Edmonton on December 28.

SUMMARY

On account of the holiday and severe weather conditons, this week's receipts were comparatively light with a total of approximately seventeen hundred cattle and calves on offer. Sales were mostly slaughter steers and cows of good quality. Opening trade was moderately active on slaughter steers with a few sales to 26.40 for choice handy weights with the in between grades selling well up in the quotations. In closing trade, all grades of slaughter steers were generally 25 to 50 lower with choice kinds selling at practical top of 26. Butcher heifers were in fair supply later in the week selling at barely steady prices as buyers were very selective as to weight and conditon. A few choice handy weight butcher heifers sold to 24.50 early in the week and to 24.25 in closing trade. All grades of butcher cows were in good demand throughout at strong prices ranging from $1 to $1.50 higher as the week advanced. There were sales of 19.50 for good young cows in closing trade Bulls scarce at steady prices. Insufficient veal calves on offer to establish reliable quotations. Butcher calves steady. Replacement offerings were sharply decreased this past week. Prices were mostly $1 lower on stock and feeder steers and heifers for the quality on offer. Review of Cub and Scout Activities

We have quite a bit of news this month, due to the busy activities the Cubs and Scouts have been engaged in over the past Christmas season.

Drayton Valley and Alder Flats Cubs met on December 28 for their second annual hockey game. There was so much excitement on the part of the boys over this special game that the score is really unimportant.

Drayton Valley Cubs playing were: Brent Innis, Michael Shimbashi, Rick Simpson, Derrick Johanneson, Terry Horne, Murray Kline, Dale Schwab, Keith Morrill, Didier Coppens, Philip Pruden and Kirk Vander-Ploeg. The coaches were: Hugh MacKenzie, Hill Innis, and Al Horne. The Alder Flats team played a very good game and were a credit to their coach Ken Hauduk. Mr. D. Patten was the referee. A big thank-you to all the men who coached and helped in any way to make the game possible.

Finally a word of appreciation to the parents from Alder Flats who brought their boys over on a very cold day.

Scout News

There are presently a total of 26 boys in the Scout troop, the total is made up of 10 Scouts from the 67-68 year, 10 Scouts newly invested last October, 2 boys yet to be invested, and 4 new boys who came up from Cubs in December.

The boys have been split up into the following Patrols:

VULTURE PATROL - Ian Hoyland, Councillor. SCOUTS: Jim McKillop, Dale Weishaar, Scott Atkinson, Bruce Moltzan, Ray Kowal, Brian MacKenzie, and Bert Gano.

BERRYMOOR

We sincerely hope that all of our readers had a Merry Christmas and Happy New Year in spite of the bitterly cold weather that was our lot during the entire holiday season.

The Berrymoor Three B's Club held its annual Christmas party for pre-school children on the afternoon of December 18th at the home of Mrs. Ann VanEmber. This party was well attended. All of the children received candy bags and also enjoyed a visit from Santa Claus.

The Lindale School was the scene of a Christmas concert on the evening of December 20th. A number of local people attended and reported a very enjoyable time. This event was also favored by a visit from jolly old Santa.

Sam and Ethel Tweedle and son Jimmie spent Christmas with Ethel's parents, Mr. and Mrs. Allan Wideman. Shortly after the new year they returned to Houston B.C. where Sam is employed.

Darrell Haight spent the holidays with his parents, Mr. and Mrs. Ira Haight of Berrymoor. Darrell has now returned to his job in B.C.

Congratulations to Mr. and Mrs. Gerald Roberts who were married on December 28th. The wedding took place in the Berrymoor Pentecostal Church followed by a reception and open house at the Lindale Hall. The bride has just recently come from England and we hope that our frigid temperatures didn't cause her too much discomfort.

Gordon and Mae Tryon and daughter Tammie spent the holidays at Berrymoor and Alsike with their respective parents. They have now returned to their home at Ryley, Alberta.

Donald Martin and Fred motored to Red Deer to bring Earl and Gerry home for the holidays.

A new year's dance was held at the Lindale Hall. A very good crowd attended and all report a very enjoyable time.

On the evening of January 4th a bridal shower was held for Mr. and Mrs. Gerald Roberts at the home of Mr. and Mrs. E. VanEmbers. This shower was well attended and the bride and groom received many nice presents for which they graciously thanked everyone.

Mrs. John Davis and family has returned to their home in Berrymoor after spending the holidays with relatives in southern Alberta.

Ken Hildebrand spent the holidays at the home of Mr. and Mrs. Harry Campbell.

The W.A. of the Berrymoor Church will hold a meeting at the home of Mrs. Donald Martin on the evening of January 14th.

Members of the Berrymoor Three B's Club are reminded that their January meeting will be held at the home of Mrs. Susan Roberts on the 25th.

Get well wishes are extended to all of our local folks who have been unfortunate enough to be flu' victims.

Committee Meeting

Regular monthly meeting of the Drayton Valley Group Committee, Cub and Scout Association, will be held at 8:00 p.m. on Monday, January 13th in the Mobil office.

A person with an nour to kill usually spends it with someone who can't spare a minute.

Damp Grain Problem Covered at Meeting

The Alberta Government and other interested segments of the grain industry will do everything possible to help farmers cope with the serious problem of wet grain. But most of the responsibility for keeping approximately 125,000,000 bushels of damp and tough grain will have to be assumed by Alberta farmers themselves. This fact was emphasized at an emergency meeting called at Calgary, December 18 by the Alberta Department of Agriculture and attended by provincial and federal government representatives, farm organization officials, representatives of the grain trade and the Alberta Rural Municipal Associations.

Reviewing the wet grain problem at the Calgary meeting Alberta Agriculture Minister H. A. Ruste said the only effective role which the government could play in a situation such as this was one of organization and co-ordination. The Alberta problem was more acute because farmers in Saskatchwan and Manitoba were experiencing similar difficulties, he pointed out. To help Alberta farmers Mr. Ruste said a plan was underway to locate and list all the known grain dryers in the province. Once this has been done district agriculturists, local elevator agents and municipal officials will be asked to do everything possible to help keep those dryers operating as steadily as possible.

Farmers should not expect to deliver any damp or tough grain in the months ahead because grain companies and government terminals already have enough such grain on hand to keep dryers going until well into late spring or early summer. There is a possibility that some dry grain will be accepted so that we can meet our export commitments. Realizing the importance of maintaining such export markets a certain amount of space has been left in the grain handling system so that such grain can be moved into export position as required.

The real problem of damage to the wet grain will come when temperatures warm up in the spring, the meeting was told. At that time, if no other means are available, the best way to control heating and insect problems will be by moving the grain by auger to another storage bin. Several such transfers may be needed to cool the grain and to check heating and insect damage.

Heating or insect damage is not likely to occur when the temperature says cold but nevertheless stored grain should be checked every two weeks for signs of heating. To do this the surface of the grain should be gone over and felt for warm or hot areas. A metal probe can be used for detecting hard or hot spots in the deep layers of grain.

Unfortunately, winter is not a good time to dry grain because a great deal of the heat applied to the grain will be used just to bring the grain up to the point where drying would normally begin. Any grain in a damp condition would have to be dried in stages and this would mean running it through the dryer two or even three times with a period for cooling in between. This means that a dryer can only handle one half or one-third its normal capacity. High relative humidity is another factor that reduces dryer efficiency.

RAMONA NEWS

I hope everyone had a very happy holiday and all the best in 1969.

The community is starting the year with a big new heater in the hall. I has kept the hall nice and cosy so far.

The concert held on December 22nd was well attended and everyone enjoyed the evening very much. It would be impossible to say which item on the program was the best but there were many favorable comments for Pammy Beauchamp and Curt Kelly who said recitations, the Benjamin children with their song and the skit done by Chrissie Stewart, Terry Kelly, David Kmyta, Allen Stewart, Gordon Kelly and Mikey Blatkewicz. The whole program was very good thanks to Phyllis Kelly and Marion Kmyta who worked so hard to make it a success. Buttons (Kelly's dog) was going to eat Santa when he arrived but he managed to get over the tree and pass out gifts and candy bags. Thank you for making the trip Santa.

On Sunday December 22nd the Beauchamp household was pretty excited at 4:00 a.m. On Saturday Joan had placed a call to her brother in England whom she has not seen since she left England 22 years ago. The operator was unable to get through until 4:00 o'clock Sunday but Joan and Stan didn't mind getting up to answer the phone for that call. But don't phone her at that hour unless you are phoning from England.

Mrs. Edna Kelly had some of her teenage grandchildren in for a turkey supper on Saturday, December 21st. Among them were Eddie and Russel Kelly (Norman's boys) from North Surrey B. C. The youngsters enjoyed the evening with Grandma very much.

The Putnam family spent an enjoyable Christmas at Kelowna, B. C. with Sharon's parents.

The Darragh boys spent Christmas with the chickenpox. They had to miss the concert but Santa sent them a bag of candy to help make them feel better. We hope youfe feeling better now boys.

We hope Mr. and Mrs. Mercer enjoyed their holiday with their daughters, Mrs. Cecil Kelly and Mrs. John Blatkewicz. John went down to Didsbury on December 22 and took them home on Monday, January 6th.

We hope also that Ron and Gerty Sullivan and family enjoyed their trip up from Calgary for Christmas. They motored up Christmas Eve and went back Sunday, January 5.

We hear Eddie Dusterhoft was in an accident over the holidays but wasn't too serious. We hope your all better now Eddie.

The flu has made its rounds and caught up to almost everyone in the district.

Bethy and Elvira Thompson went to Lacombe for the holidays. We hope you had a nice holiday girls.

I saw Mrs. Darragh just before Christmas. She is looking very well and is living at Mayorthorpe.

Bonnie Kelly and Barbara Swap stayed with their Grandma Kelly last week for a few days. I'm sure they both had a good time.

Happy Birthday this week to Joan Beauchamp January 9th, Donnie Blatkewicz January 11th and Bill Woodruff on January 15th.

Our first Bingo os the year is next Tuesday January 14th. The jackpot is $60.00

Mother on phone: "Daughter dear, could papa and I leave your kiddies with you and Bob tonight. We are invited out for the evening."

"Excuse me for coming up to the door to pick up your daughter, explained the young man to the father of the girl, "but my horn isn't working."

Drayton Valley Family Enjoying Stay in Algeria

Patrick and Jean Paré, formerly of Edmonton and Drayton Valley, can't get over how the trees are green, oranges growing and piles of fruit and vegetables along the roadsides ready to eat.

The son and daughter-in-law of Mr. and Mrs. E. Paré have moved to Algeria where Patrick is on a two year stint as a driller for the Peter Bawden Drilling Company. Out of twelve Canadian families stationed at the site there are twenty-six children including the four Paré children. Jim and Doris Clark, formerly of Drayton Valley, are also living there.

Jean wrote she had a little difficulty when she and the children left in mid-November to join her husband. Due to weather conditions she had a 24-hour stop-over in Paris and found it very frustrating as she could not understand the language and had a hard time making herself understood.

Now in her new home and surroundings she is finding it enjoyable, and even has a private chauffeur to take her shopping every Wednesday morning. She reports everything is operated by propane, the ways of life at a slower pace, and often herds of camels come to the sites and watch the men work on the rigs.

It didn't seem right not having snow for Christmas Jean remarks.

NEW BREEDING PROGRAM

A Canada Department of Agriculture scientist has developed a new livestock breeding program that could be ideal for thedevelopment of a new breed or for the development of a strain within a breed.

Dr. C. G. Hickman's program is based on consistent improvements in desired traits and a shorter interval between generations.

Bulls are used for two years; a limited amount of semen is stored from each bull; then they are slaughtered. Only the semen of the best bulls is kept. The bulls are selected on the basis of performance tests.

Their semen is used only on the best females, and the resulting bull calves form the next group of herd sires.

The system is thought ideal for a group of farmers banding together or a large business interested in developing a new breed.

A yawn is nature's way of letting married men open their mouths.

Many of Canada's dairy cattle are suffering from a lack of phosphorus in their diets, according to nutritionist Dr. D. E. Waldern of the Canada Department of Agriculture's Agassiz, B.C. Research Station. Dr. Waldern says a cow's phosphorus needs depend on three factors -- the weight of the cow, the amount of milk she is producing and the amount of phosphorus she obtains from feeds. The lack of phosphorus keeps animals from hitting peak production.

Hog Outlook

Canadian hog prices could be under severe pressure in 1969, and no major increase in production seems warranted at this time. This is the opinion of federal livestock marketing officials in Alberta.

They warn against Western Farmers' traditional habit of "jumping" into swine production whenever they have large stocks of unmarketable grain. This they have in abundance this year, and to make matters worse, much of it is damp or tough. In other words, it is the kind of situation that provides a great temptation for many people to get into hog raising.

Another factor that could encourage more hog raising this year is the new grading system. Because it is designed to pay producers for the meat they produce, it could attract many new producers who are "anxious to give it a try".

The export picture for Canadian pork does not look too promising either. Currency problems in some countries, coupled with huge stocks of corn in the U.S., are bound to put a damper on exporting prospects for any surpluses that might develop in this country.

Statistics show that pork has dropped behind other meats in consumer preference. Unless the Canadian housewife can be convinced that pork is her best buy, she will continue to buy beef and poultry instead. This fact is expected to exert pressure on pork prices throughout the year.

All in all, 1969 does not look like the year to greatly expand hog production. If farmers could be persuaded to keep fairly close to their 1968 production levels, they could probably expect comparable prices.

MAGNOLIA NEWS

A happy New Year is wished to all the readers from your reporter and family.

The community extends a wish for the speedy recovery to Mr. Fred Harris, who is in the Colonel Mewburn Hospital in Edmonton. Mr. Harris is a former Magnolia resident.

Magnolia hall, glowing with the light of its brand new Calgary Power, was the scene of the children's concert during the evening of December 20. Entertainment consisted of six plays presented by Mary, Maureen and Robert Ekroth, Bev. and Clifford Cameron, Peter and Clive Hampton, Ralph Johnson, Aron Thomeus, Kevin and Marvin Strangway, Danny and Colin McCracken, Danny Roth, Debbie Chechotko, Helen Beck, Sandra Campbell, and Linda Reich, seven recitations by Ellen and Linda Anderson, Susan Sawatsky, Rodney Strangway, Irene Beck, Maureen and Dean Manchester, Colleen Campbell, Vernon Thomeus, Roger Hampton, Penny Manchester, and Debby Reich. Two solos by Corrine Roth and Shannon Campbell, two duets by Laura and Penny Manchester and Sylvia and Sonja Ulvestad, an exhibition of baton twirling by Bev. Cameron, a song by Shannon, Sandra, Colleen and David Campbell, and group singing by all the children aged twelve and under. About one hundred and fifty people enjoyed the efforts of the cheldren, who were lead by Betty Strangway and Joyce Manchester. Evelyn Cameron very kindly accompanied the singers on the piano. At the finish of the concert, Santa arrived to hand out candy bags and gifts to all the children 12 years and under. He also delivered small gifts to the local old timers. The Christmas hamper was drawn for, and the lucky winner was Bev. Anderson of Stony Plain. Lunch was served and amid many wishes for a Merry Christmas, the folks left for home. This kind of an effort really draws folks together in good fellowship.

Several families from Magnolia were present on the evening of December 19 in the Seba school auditorium to enjoy the school concert. The plays and singing were enjoyed by all. At the end of the concert, the draws for the Student's Union raffle prizes were made. First prize was won by Mary Strocher of Tomahawk. Second prize went to Doreen Meronowich of Seba Beach. Mrs. Ferrier, school secretary won third; fourth prize went to Mrs. Adele Colby of Grande Prairie. Thanks to all the people, including the many Magnolians who generously supported this raffle.

A belated happy birthday wish is extended to Brenda Walker whc celebrated her birthday recently.

Gene Campbell arrived home from Olds Agricultural College on December 18.

The defense attorney asked the woman on trial for her life, "Now tell the jury why you shot your husband with a bow and arrow."

"I didn't want to wake the children."

When you think your mind is getting broader, maybe it's just your conscience stretching.
